

# SCHOLARSHIP APPLICATION FOR 2022

**I. Please respond to the following by providing a paragraph for each of items 1 – 5 below. Attach your responses to this Application.**

1. Describe your extracurricular and work activities.
2. Describe the occupation you intend to pursue upon graduation and how you plan to succeed in such occupation.
3. List your awards, honors, and achievements, and provide a brief description of each.
4. Discuss in reasonable detail, your anticipated expenses and funds available during the 2022 fall semester.
5. Based upon your history and goals, why should you be considered for the FWAPL Scholarship?

**II. In a separate attachment to this Application, draft an essay covering one of the topics listed below. The essay must be between one and two single-spaced pages in length (one full page being the minimum and two pages being the maximum), typewritten in size 12 font and with 1-inch margins.**

- What has been your biggest challenge so far in working towards getting a degree in your chosen field? How did you overcome it?
- Why did you choose to pursue an education in your chosen field?
- YouTube submission. Create and submit a link to a 3–5 minute YouTube video providing information about your chosen educational path that prospective students could consult to better understand the education you are pursuing and the potential career paths for an individual pursuing a similar education.
- With the recent rise of electric vehicles adoption and technology, how do you believe the oil and gas industry should adapt to help meet the world's future energy needs?
- When talking to someone who has a negative opinion about the domestic oil and gas industry, what arguments could you use to persuade them about its benefits?
- Describe a time when you had an idea or belief challenged and how you reconciled your stance.
- Many believe that Europe's current energy security crisis was caused by a government led transition to renewable energy that forces a reliance on the import of oil & gas; the Russian invasion of Ukraine and the resulting sanctions has highlighted the unreliability of certain sources of energy as well as the impact that over reliance on foreign sources of energy can have. Based on the current administration's desire to further the green energy transition and the legislative and executive actions taken to discourage and/or prevent domestic production of hydrocarbons; how does America avoid energy insecurity & an overreliance on foreign sources of energy?

Essays, Transcripts, and Scholarship Forms must be postmarked or timestamped by the JUNE 30TH DEADLINE. For this Scholarship Application to be considered completed, a school/university transcript(s) of the applicant's grades shall be provided by the applicant. At the discretion of FWAPL Scholarship Committee, candidates may also be asked to appear for an interview. Tentatively, scholarship recipients will be presented with a check at the FWAPL Luncheon in July, 2022.

*For the purpose of encouraging candor, I hereby freely and voluntarily waive my right of access to any information contained on this application form and resulting evaluation from (if any) and agree said information shall remain confidential. I also agree to grant the FWAPL access to my official school/university records for the purpose of confirming accuracy of the information provided herein or attached hereto. I certify that I meet all of the eligibility requirements for applicants provided in the FWAPL Scholarship Rules for 2022 – 2023, the terms of which are incorporated herein by reference, all information on this application is true and correct, and I understand that any award may be rescinded if this information is found to be false. I recognize that the FWAPL Scholarship Committee may, in its sole discretion, grant or deny a FWAPL Scholarship to qualified applicants, and all decisions made by the Scholarship Committee are final.*
